# R&S®RTE oscilloscope –
easy triggering and decoding
in one software option bundle.

Trigger & Decode Bundle

Decode more than 29 serial protocols

www.rohde-schwarz.com/RTE-BUNDLE

ROHDE & SCHWARZ

What are the benefits of the protocol decode bundle?

No matter what protocol you need to decode, your scope is ready. With the protocol decode bundle, more than 29 serial protocols are available:

- 100BASE-T1/ BroadR-Reach®
- ARINC 429
- CAN
- CAN-FD
- CXPI
- DALI
- Ethernet 10BASE-T
- Ethernet 100Base-TX
- Foundation Fieldbus H1
- Flexray
- I²C
- I²S/LJ/RJ/TDM
- LIN
- Manchester
- MDIO
- MIL-STD-1553
- MVB
- NRZ
- Profibus DP
- Profibus PA
- SENT
- SpaceWire
- SPI
- UART/RS-232, -422 und -485
- USB 1.0/1.1
- USB 2.0
- USB-HSIC
- USB-PD

What is in the package?

You will get the rich functionality of the trigger and decode options for the R&S®RTE oscilloscopes.

- Bus setup in seconds with the app cockpit
- Telegram display as color-coded bus signals and in decode table
- Strong trigger capability: start of frame, frame type, data, error conditions
- Powerful search and navigate capability
- Up to max. 4 serial buses from analog or digital channel signals
- Fastest eye-diagram mask testing with 600,000 waveforms/s

How do you get the protocol decode bundle?

Buy the R&S®RTE-TDBNDL trigger and decode product bundle for the R&S®RTE oscilloscopes.

Model	Trigger decode bundle
R&S®RTE1000 series (1326.1000.xx)	**R&S®RTE-TDBNDL trigger & decode bundle option for more than 29 protocols** Order no: 1326.4190.02 **€ 4,650**
R&S®RTE1000 series (1317.2500.xx)	**R&S®RTE-TDBNDL trigger & decode bundle option for more than 29 protocols** Order no:1326.4219.02 **€ 4,650**

Offer details:

The R&S®RTE-TDBNDL for R&S®RTE1000 oscilloscopes includes the following options: R&S®RTE-K1, K2, K3, K4, K5, K6, K7, K8, K9, K10, K50, K55, K57, K60, K63, K65, K76
This offer is available for any R&S®RTE1000 oscilloscope (any bandwidth, 2 or 4 channels, with or without MSO). This offer is available in all countries, either directly from Rohde & Schwarz or from participating partners.

Buy the trigger and decode bundle for the R&S®RTE oscilloscopes and decode 29 serial protocols at a very attractive bundle price.
